About the Foundation

The Tony Elumelu Foundation is the leading champion of entrepreneurship in Africa. Our objective is to empower women and men across our continent, catalysing economic growth, driving poverty eradication and ensuring job creation. We believe the private sector's role, especially that of young entrepreneurs, is critical for Africa's development, and in fulfilment of this responsibility, the private sector must create both economic and social wealth.

TEF represents the personal commitment of our Founder, Mr. Tony. O. Elumelu and his investment company, Heirs Holdings, in creating a new generation of entrepreneurs across all 54 African countries.

Our mission is implemented through our programmes, policy, research, communities, advocacy and convenings, including the annual TEF Forum, the largest gathering of entrepreneurs in Africa, and TEFConnect, Africa's digital hub for entrepreneurs. The Foundation leverages its strong relationships in the public, private and development sectors to drive its mission of creating prosperity for all.

Our Mission

We believe that the private sector holds the key to unlocking Africa's economic potential. To that end, our mission is to catalyse economic and social development in Africa through entrepreneurship, focusing on three areas:

1.

The empowerment of entrepreneurs through capacity development, seed capital, mentoring and networking.

2.

The promotion of thought leadership on entrepreneurship through advocacy and evidence-based research as a guide for policymakers across African governments.

3.

The creation of an integrated entrepreneurial ecosystem that promotes African entrepreneurship.

About the Programme

The Tony Elumelu Foundation Entrepreneurship Programme is a **\$100million** commitment made by the Elumelu family to empower 10,000 African entrepreneurs over 10- years to train, mentor and fund. The goal is to create at least **1million jobs** and contribute over **\$10billion** in revenue to the African economy. Since the launch of the programme on **January 1, 2015**, we have supported over 9000 African entrepreneurs from 54 countries across the continent. These entrepreneurs are already making an impact, creating jobs, generating wealth in their communities and countries.

Programme Impact

Since its inception, the Tony Elumelu Foundation has trained, mentored, and funded over 9,000 young African entrepreneurs across 54 African countries through its Entrepreneurship Programmes, while continuing to provide capacity-building support, advisory and market linkages to over 1 million Africans through its digital networking platform, TEFConnect. Our beneficiaries are creating and growing trailblazing businesses that directly and indirectly create jobs and means of livelihood in their communities. They support all 17 Sustainable development Goals (SDGs) and are committed to achieving the United Nation's 2030 Agenda for Sustainable Development. Beyond this impact, the Tony Elumelu Foundation continues to advocate and propagate the more distinct and sustainable narrative of African youth entrepreneurship as the solution to unlocking the continent's potential.

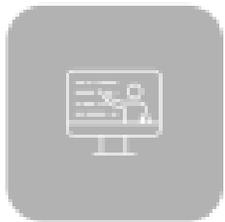

Benefits of the Programme

Seven Pillars

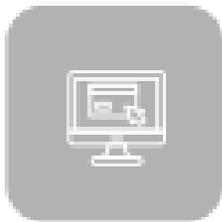

The Programme is based on 7 pillars aimed at addressing the essential needs of African Entrepreneurs, which include:

- ✓ TEF Business Management Training
- ✓ Mentoring
- ✓ TEFConnect

- ✓ Meet ups
- ✓ TEF Entrepreneurship Forum
- ✓ Seed Capital Funding
- ✓ Alumni Network

TEF Business Management Training

The TEF Business Management Training is designed to equip start-ups with basic skills required to launch and run their businesses at early growth stage. It covers several topics including starting and scaling a business, business development, marketing strategy, effective management, product design etc.

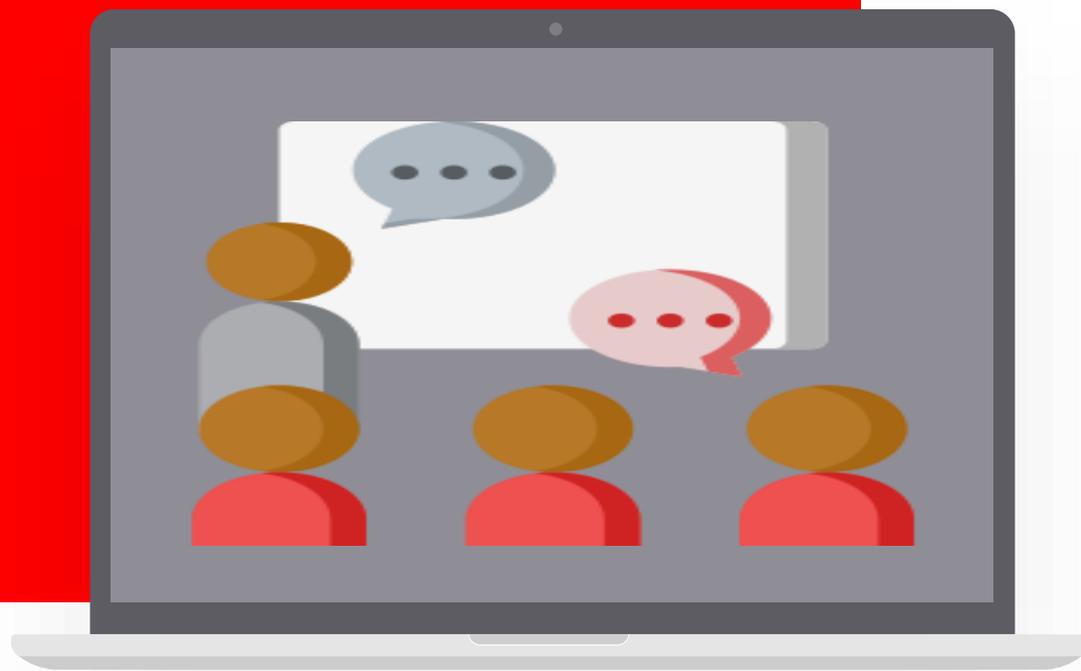

The entrepreneurship training will take place online via TEFConnect, which is the Foundation's proprietary, networking platform for entrepreneurs. During the training entrepreneurs will be a custom-made compendium of materials, case studies, videos, tasks, templates and interesting articles designed to expand your business acumen. This will also include the 12-module series on **the TOE Way**, which expounds the core business values of our Founder.

Mentorship

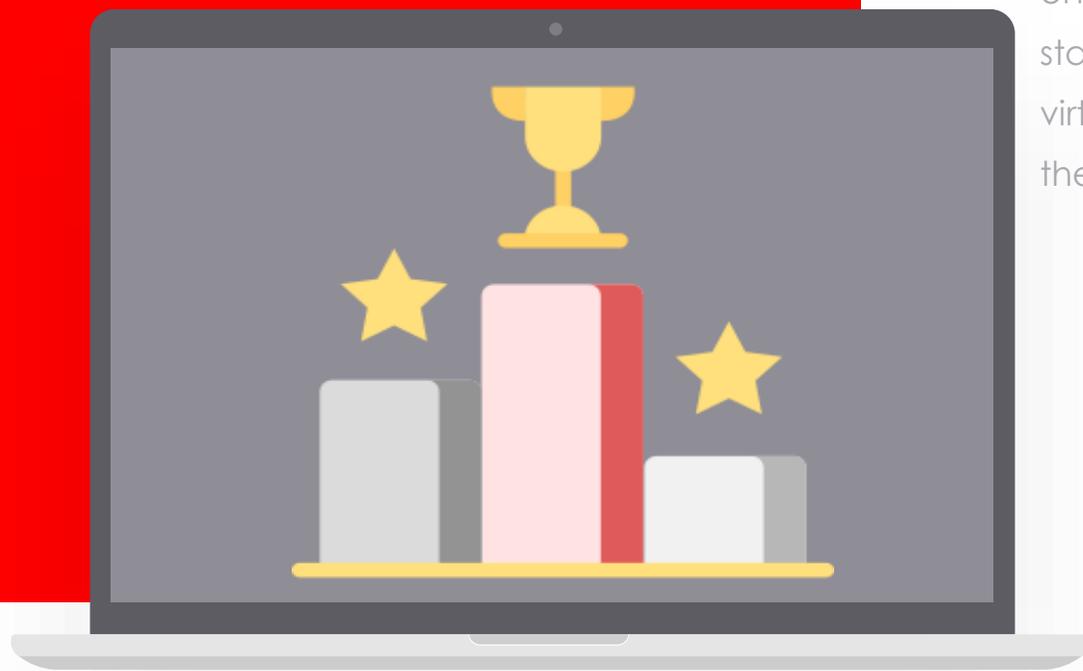

Mentorship

Upon successful competition of the Programme, the Foundation will also pair entrepreneurs with seasoned mentors who will be responsible for providing them with strategic guidance as they embark on their entrepreneurship journey. Our mentors are very familiar with the African business landscape and will be able to use their invaluable experience to guide our entrepreneurs as they continue to develop and grow their businesses.

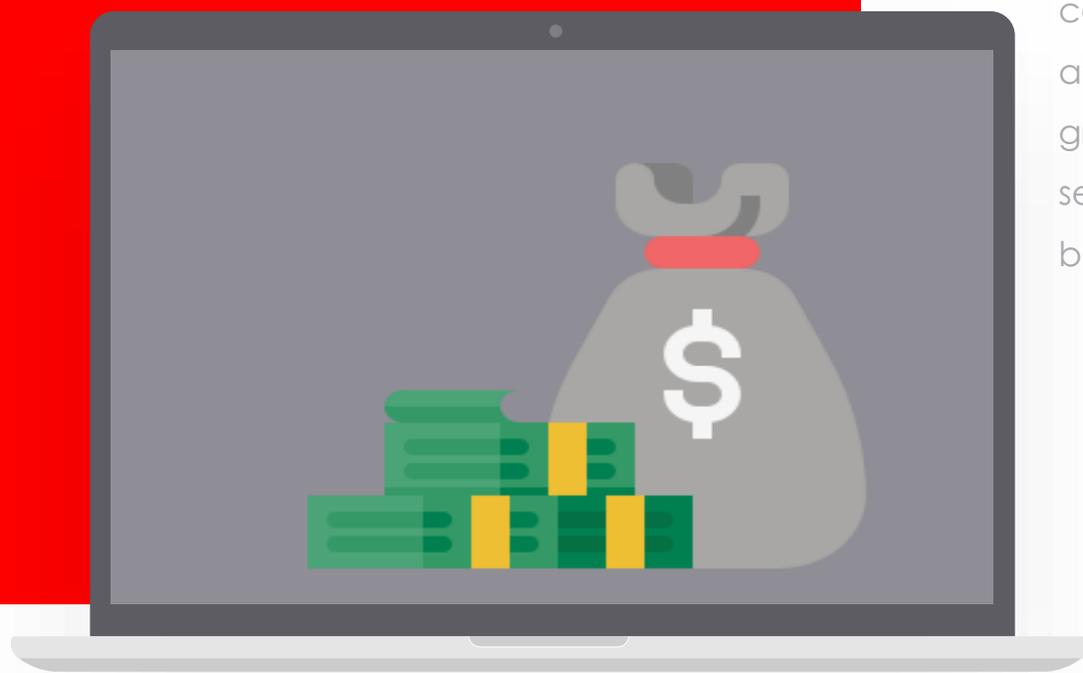

Pitching Competition

In order to select the most promising entrepreneurs across continent and to ensure that those selected have fully grasped the training, as part of the final stage of the Programme entrepreneurs will be required to participate in a virtual pitching competition where they will have the opportunity to defend their business ideas to a panel of judges.

Seed Capital Funding

Entrepreneurs that has successfully passed the pitching round will be eligible for a non-returnable seed capital of \$5,000. The seed capital is calculated on the official Central Bank of Nigeria naira equivalent value at the date of selection for the programme. The aim is to support early growth, proof-of-concept and/or enhance their business operation. This seed capital is tied to clear milestones in a well-articulated and relevant business plan.

TEF Entrepreneurship Forum

At the end of the Programme, the Foundation organizes and hosts its dedicated world-class annual **TEF Entrepreneurship Forum** that brings together key persons in the African and global entrepreneurial eco-system with an aim of leveraging our convening powers to promote African entrepreneurs and entrepreneurship; and to connect with local and regional decision makers.

The TEF Forum is the largest gather of African entrepreneurs with an estimated audience of around 50,000 people participating each year both physically and virtually. As a entrepreneur participating in our Programme, you have automatic access to attend this event and benefit from the opportunity to **learn, connect, and form cross-border partnerships.**

TEF Alumni Network

Entrepreneurs who have successfully completed our Programme and received their seed capital, will join the **TEF Alumni Network**, a vibrant and community of over **9,000 entrepreneurs** from across the continent. By joining this network entrepreneurs will have the opportunity to exchange ideas, establish partnerships, and interact with those within the broader entrepreneurship ecosystem.

Alumni also benefit from additional opportunities to help grow and develop their businesses, such as country and state-level **meet-ups** where Alumni are afforded the opportunity to engage with not only one another, but also local hubs and key government agencies within their communities.

TEFConnect

TEFConnect is Foundation's proprietary online platform, which leverages the digital economy to create more business and networking opportunities for African entrepreneurs. The digital platform provides access to markets across Africa, as well as facilitates interaction and direct networking with other entrepreneurs, investors, mentors and other stakeholders. In 2020, the number of registered users grew to 1,000,000 comprising of entrepreneurs, mentors and other representatives in the African entrepreneurship ecosystem. The platform has become the single largest listing of data on the African entrepreneurship space, with a wide reach across the African continent

Frequently Asked Questions

Q12: Tell me about the TEF training

A12. The TEF training content called our Start-up enterprise toolkit is a bespoke programme, tailored to support young and dynamic entrepreneurs in their business journey. It focuses on the successful execution of business plans and ideas. This training is self-paced for each entrepreneur, allowing the necessary flexibility for participants of the programme (with respects to time and technical constraints) to attend the training course whilst carrying on their usual activities.

Q13: How long is the training?

A13: The training phase of the programme lasts for 6 weeks.

Q14: Can I reapply after being rejected before?

A14: Yes, we encourage you to reapply to our programme until you are successful. In the meantime, please visit TEFConnect for resources that can be helpful to your next application. If you are an Alumni of the Programme, you are not able to reapply.

Q15: Is there a TEF number that I can call/WhatsApp?

A15: Kindly use the link below to access our WhatsApp. Our team is available 24/7. <https://bit.ly/3bFp7De>
